Local Improvements - Subsequent
Procedure (cont'd)

The City Engineer reports as follows:

"GENERAL

Projects for pavements and curbs on arterial streets on the 'Initiative Principle' have been advanced under the provisions of the Local Improvement Procedure and will come before a Court of Revision on July 27, 1976.

The projects are identified as follows:

	<u>Schedule</u>	<u>Item</u>	<u>Type</u>
Initiative	437	1	Boundary Road
		2 & 3	Nelson and Mainland Streets

CAPITAL FUNDS

The City's share of these improvements is available in the 1976 and prior years Streets Capital Budgets.

BOUNDARY ROAD OVERPASS

It was noted in the 'First Step' report that the improvement of this section of Boundary Road would include modification of the Railway Overpass to meet the new pavement. This work is not part of the Local Improvement. B. C. Hydro is having soil tests made to guide design and detailed estimating. We will then advance this part of the work for formal approval. Funds are available in budgeted Streets Capital.

RECOMMENDATIONS

I RECOMMEND, subject to the proceedings of the Court of Revision and subsequent approval by Council, that the 'Initiative' projects in Schedule 437 be undertaken."

The City Manager RECOMMENDS that the above report of the City Engineer be approved.

MOVED by Ald. Sweeney,
SECONDED by Ald. Cowie,
THAT the foregoing recommendation of the City Manager be approved.
